

Your Question Regarding the Outdoor Community Centre Is Answered Here

Widespread Knowledge of Facts of Project Will Assure
Unanimous Approval—Help the Schools by
Voting "Yes."

1. WHAT WILL THE OUTDOOR COMMUNITY CENTRE DO FOR NARBERTH?

The Outdoor Community Centre will eliminate an eye-sore that has hurt Narberth for years. It will preclude admission of undesirable features in the Borough limits. It will provide a modern athletic field. It will coordinate a comprehensive school plan. It will furnish facilities for the small children. It assures a place for festive occasions. It can be utilized as a safe mecca for skating and other winter sports. It will stabilize all property values. It will save the community thousands of dollars in its future development. It will mark real progress.

2. WHY ASK APPROVAL FOR IT NOW?

The chief reason is that no other large plot is left in the Borough, and the land can be sold for private purposes at once if we do not secure it. No other purchase would accomplish the numerous advantages to Narberth which are contained in this one.

3. WHAT IS THE SIZE OF THE PLOT AND WHAT IS ITS PRICE?

About 7 1/2 acres, including the unopened streets, already the property of the Borough, and the cost is \$22,500 for the 5.6 acres to be purchased.

4. IS \$22,500 A FAIR PRICE TO PAY FOR THIS LAND?

Those who know values best say it is a very low price. The railroad wanted \$30,000. They said one of the appraisers estimated it as worth nearly \$40,000, in view of the numerous purposes for which it could be utilized. When the price of \$22,500 was finally secured, after 6 months of negotiation, the railroad officials declared they were altogether governed by a desire to co-operate with Narberth in securing a much-needed improvement. A comparison of the original costs of Narbrook Park also indicates we are not by any means paying too much when we give \$22,500 for this property. Ten years from now it should be worth at least \$50,000.

5. WHAT WILL IT COST TO IMPROVE IT?

An approximate estimate made last year by experienced contractors indicated the cost at that time would be about \$10,000. Prices are lower now, and \$7,500 for improvements has been included in the "Less-than-a-Mill Bond Issue."

6. WHY IS IT CALLED THE "LESS-THAN-A-MILL BOND ISSUE?"

Because the assessments on Narberth properties approximate \$3,000,000, and one mill on that amount equals \$3,000 per year. The cost of the bond issue for interest and sinking fund would be \$2,500, and therefore less than one mill on our assessments.

7. WHAT WOULD ONE MILL AMOUNT TO ON MY TAXES?

If your property is assessed at \$1,500, a full mill added to your present taxes would increase your bill \$1.43 per year, or 12 cents per month. Other values in the same proportion, as follows:

Assessment.	Would Cost Per Year.	Cost Per Month.
\$1800	\$1.71	15 cents
2000	1.90	16 "
2500	2.38	20 "
3000	2.85	24 "
3500	3.33	28 "
4000	3.80	32 "

8. WILL IT BE NECESSARY TO RAISE TAXES EVEN THAT LITTLE BIT?

There are ample grounds for the belief that it will not be. One reason for this is that the Borough will pay off \$13,000 of its present indebtedness during 1922, and another one is that new properties in the town will materially increase our assessments. It is also proper to mention that costs generally are gradually being decreased. The citizens of New Jersey will vote on November 8 on a fourteen million dollar bond issue, and the authorities declare its approval will cause no increase in taxation. Tell this to the man who says you can't borrow money unless you increase taxes.

9. HOW DO NARBERTH TAXES COMPARE WITH PHILADELPHIA TAXES?

You save not less than 50% of taxes by living in Narberth. Our rate is somewhat higher, but our assessments are considerably lower. This statement is based on 25 representative properties in the Borough.

10. WHAT IS THE PRESENT CREDIT STANDING OF NARBERTH?

The highest in the history of the Borough. Every sinking fund is right up to the mark, previous loans are being promptly liquidated, and all expenditures are kept strictly within current revenue. Too much credit cannot be given the men who have conducted our municipal affairs during the last several years for the effective manner in which they have safeguarded the interests of the community. Every dollar is expended with painstaking care, every obligation is strictly observed, and no procedure is adopted until all features of the case are carefully examined. The fact that our Councilmanic body voted unanimously to submit the bond issue to the people for approval affords excellent evidence of the great merit of the Outdoor Community Centre and makes it plain that we are imposing no burden on ourselves if we decide to acquire it.

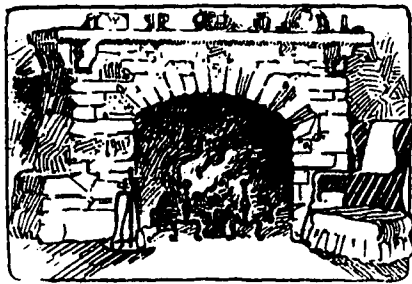

11. HOW WILL THE BONDS BE SOLD?

Probably to some financial institution, which might pay a premium on them on account of the comparatively small amount of Narberth's indebtedness and also because the proposed project will add considerably to the resources of the community. There will, of course, be no obligation on anyone in the town to purchase the bonds.

12. WHAT IS MEANT BY THE STATEMENT THAT THE OUTDOOR COMMUNITY CENTRE WILL HELP OUR SCHOOLS?

Because the acquisition of land is the very first step we have to make towards larger school facilities. If we don't buy this lot, we will have to buy another. Some land must be purchased some place. This is an official declaration. It cannot be disputed. To act now will save thousands of dollars. To explain this important phase of the matter in detail would require too much space in this summary. Apply to any member of the

MRS. GEORGE BEAN EXPLAINS
THE ARMISTICE DAY CONFERENCE AT WASHINGTON

The Women's Community Club of Narberth held an interesting and instructive meeting at the club room on Tuesday, October 25, at 2:30 P. M. After the meeting had been called to order by the president, Mrs. E. C. Batchelor, Mrs. Dunlap read a brief report of the Club luncheon which was given on October 11. Following that reports were given by the chairman of the Music, Literature, Membership and Hospitality Committees, and also of the new department known as "Comforts for the Sick." Mrs. Douglas, as new Hospitality chairman, has organized her own committee as well as numerous groups of hostesses. LAST WEEK.

"Snug Harbor," six miles from Easton, Maryland, the home of Mr. Charles E. Humphries, formerly of Narberth, was destroyed by fire on Friday evening of last week. Some furniture was saved from the first floor, but the house itself was burned to the ground.

Mr. and Mrs. Humphries were in Narberth at the time, visiting Mr. and Mrs. C. Howard McCarter, of South Narberth avenue. Mr. Humphries is well known among Narberth people, having been Street Commissioner of the Borough before moving South. He, together with his two sons, Owen and Colwyn, were always enthusiastic participants in Narberth's athletic activities.

Miss Edith Humphries and Colwyn were at home when the blaze occurred. The other son, Owen, is a student at the United States Naval Academy at Annapolis.

One of the best assets of a community is a reputation for healthfulness. The Narberth Outdoor Community Center will pay big health dividends on the money invested. Daniel E. Stodem, M. D.

American Legion's Rousing Meeting

LOCAL POST HOSTS TO LARGE
NUMBER OF NARBERTH MEN—
DR. NORWOOD GIVES SPLEN-
DID ADDRESS

The man who first said that you can't have something for nothing should have attended the public meeting of our local American Legion post on Monday night. The boys put themselves out to give an exceedingly entertaining program, and succeeded in every sense of the word.

The speaker of the evening was Dr. Robert Norwood, of St. Paul's Memorial Church, Overbrook. His address, given in a most eloquent and forceful manner, was an inspiration to every listener, and must have been more than an inspiration to the members of the Legion.

The only regret is that every member of the American Legion in the United States could not have heard his interpretation of the spirit of the American Army and the future opportunity of the American Legion to make better Americans in their own life, their community life, and in the life of the nation.

The male chorus of the Narberth Choral Society opened the program with a number for which they were vigorously applauded. This appearance served to heighten interest in the coming concert at the Metropolitan on November 8th.

The meeting was very much interested in Dr. Snyder's enlightening and interesting talk on the forthcoming bond issue for the Community Recreation Center. The gathering expressed almost unanimous and enthusiastic approval of the purpose of the project, and as more and more residents are becoming familiar with the plans, passage of the measure is practically assured.

In the lighter part of the program, the humorous imitation of "one of the girls" on the telephone was much appreciated and drew a great deal of applause.

Keep up the good work, Narberth Post, and don't fail to let us all know the next time you give a party.

To the Editor of Our Town:

It would seem to me if it were not possible to keep the Y. M. C. A. open for the young people, the Recreation Field which is being exploited would be simply a passing fancy, and an easy way of obtaining a ball field for the "Home Town."

Why not all work together, open the Christian Temple to Manhood, make it the Recreation Centre for our young people, keep it open, and then take up the question of a ball field, which is a minor consideration in comparison to this great need in our town today?

I believe outdoor sports are the cleanest, but I do believe it is necessary to have a certain amount of good uplook for the young of today, and as we have the foundation, why not use what we have at hand before we entail other expense?

MRS. JOHN B. BROOKS.

Atlantic City, N. J.,
October 21, 1921.

The above letter is welcomed. Numerous others in approval of the Outdoor Community Centre have been received by Our Town, but space will not permit us to use these, particularly in view of the fact that the advantages of the matter are being presented in our regular news columns. We yield the column, therefore, to the correspondent who is not in accord.

It is a matter of general regret that the Y. M. C. A. was unable to rise to its full stature in Narberth, but the reason for this can hardly be a matter for newspaper comment. The Y. M. C. A. is public in spirit, but private in operation, depending on the voluntary support of interested individuals; the Outdoor Community Centre will be owned and operated by the Borough government, and hence by each citizen of the Borough. Its permanent maintenance is assured. Those prominently identified with the Y. M. C. A. are supporting the present project. They are constructive in their citizenship now as always.

Are we to gather from the above letter that we are doomed to constant failure because of previous happenings? Surely our friend cannot mean that the sun has gone west on all our future aspirations. A man may be down, but he is never out. The law, not per-

sonal discretion, provides for the supervision and maintenance of the Outdoor Community Centre. The project was conceived to serve the community, and the community will be served.

Rather than to hark back to former endeavors, let us bend our every effort to the complete success of this enterprise, knowing that success in one direction will beget success in another. Progress always proceeds that way. (The Editor.)

CAKE SALE

ALL DAY NEXT FRIDAY

Next Friday, November 4th, at 10:30 in the morning, the Community Club Cake Sale will open and will continue as long as the good things last. It is expected to be held in the front store of the Arcade building, which is at present unoccupied. The bulletin boards at the station will give you definite information.

The proceeds of the sale are for some very necessary kitchen equipment for the Community Club. Any member who has not already volunteered to send a cake, pie, cookies, candy or rolls, may bring her donation on Friday, and it will be gladly received.

ANNUAL MEETING NEEDLEWORK GUILD.

The annual meeting of the Needlework Guild, Narberth Branch, will be held in the Sunday School room of the Presbyterian Church on Wednesday, November 9th, 1921. The church will be open at 9:30 A. M., when the articles contributed are to be brought in. A committee will be there to receive them until 12:30, when a luncheon for the directors will be served.

The public meeting will be held at 2:30 P. M., when Mrs. E. F. Holmes, of Tacoma, will tell of the Guild work, and Mr. A. F. Whitman, from the Society to Protect Children from Cruelty, will tell of the work of that society. All interested are invited to attend.

TENNIS MEMBERS URGED TO RE-MEMBER DATE OF DINNER-DANCE, NOVEMBER 12.

Members of the Narberth Tennis Association are urged to keep in mind the date of Saturday evening, November 12—the date of the annual dinner-dance, and make no other engagements for that evening.

A big party is being planned by the Entertainment Committee, in charge of Carl B. Metzger, chairman, and it is hoped that every member who is within one hundred miles of Narberth on the evening of November 12 will be present.

The prizes won in the recent annual tournament of the Association will be presented, and there will be other features, in addition to the dancing, which will combine to make the affair one that tennis members and their wives and friends will not want to miss.

Members will be supplied with tickets in the course of the next week or ten days.

It behooves us all to make our own Home Town not only a better place in which to live, but a better looking place. The proposed outdoor community centre will serve both purposes.—A. J. Loos.

SCHOOL CHILDREN AS COMMUTERS

A group of Narberth men were discussing the school situation a few days ago, when one of them said: "I was amazed as I got off of the 3.15 train from Philadelphia to see at the Narberth station how many boys and girls with school books got off the train at the same time." Another gentleman who had come in on a later train said he was struck with the same thing. It is said that about twenty-five per cent. of the school children of Narberth are going elsewhere for their education, because of the lack of the best advantages, not primarily in building and school facilities, but in scholarship. The splendid citizenship of Narberth does not merely wish its children to achieve average success in life, but wants them to reach the high watermark in achievement. We want our boys and girls to carry "the banner with a strange device, Excelsior."

It is with great regret that those who have been dissatisfied with the grade of scholarship in the Narberth schools are compelled to oppose the reelection of Mrs. Batchelor and Mr. Dothard for the school board. We are not opposing them, for we have the highest appreciation of their generous services. It is the system of which they are a part that we wish to see changed so that the board will not be left to perpetuate itself, and to consider that any attempt on the part of the people to choose their directors is "usurpation."

In order to effect such a change, the election of Mrs. Nickerson and Mr. Chalfant is urged upon the voters of Narberth. Both these candidates are committed to a policy of full co-operation with parents. They are themselves Republicans, and while they made a splendid showing as candidates in the primary campaign on the Republican ticket, they fell a few votes short of nomination, but were nominated on the Democratic ticket. But this is not partisan election—and we ask all citizens who are not satisfied with the present standing of the Narberth schools to vote for them.

ceedings at the State Federation of Women's Clubs, which she attended at Pittsburgh. Mrs. Batchelor mentioned Miss Dibert's plea for more colleges for our girls, stating that Pennsylvania's three million dollars for higher education of women is less than any one of the leading New England colleges for women. We are reminded that the question of the Constitutional Convention will doubtless come up again. At the Federation, a whole evening was given to music. There were talks on music in the public school, as well as actual music, rendered by a school orchestra. Mrs. Winter said "Education is the pledge of today to future generations. Music, art and literature are the harvest of the ages." All else passes away," Mrs. Amos, Dean of Women, of Pittsburgh University, asked among other things why our hearthstone has been changed to the movies. She suggested that self-expression of children has been carried too far, and made a plea for an increase in teacher's salaries. Dr. Muirhead, police woman of Newcastle, interested every one by her account of how she cleaned up Newcastle. This Mrs. Batchelor carried on to us the flame that was kindled in that conference at Pittsburgh.

Mrs. Ward Pierson, in her talk on Legislation, emphasized particularly the need of awakening every woman to the responsibility and privilege of active political interest—and told us just how to be sure our names are properly registered. Then she explained Narberth's need of the proposed Recreation Center, stating that the \$30,000 needed for its construction will increase the individual tax less than a mill and will help solve the problem of where to build new schools.

Following Mrs. Pierson's talk, Mrs. George Bean, Cynwyd, explained to us the reasons for and the probable results of the conference of nations to be held at Washington on November 11, to discuss the limitation of armaments and the Pacific Question, namely the Japanese-Chinese situation. Disarmament, Mrs. Bean says, seems to be a dream of an idealist, with four powerfully armed nations ready to quarrel over the exploitation of the wealth of the Far East. The Conference hopes, however, to remove the causes of the necessity for armament. It hopes to settle a World War in the East, before it happens, not as was done in Versailles, after all the harm had been done. There is likelihood of a war between Japan and the United States. Not "Will it be," but "when will it be" seems to be the thought of European thinkers and writers. There are nine distinct sparks, anyone of which could set off the Japan-United States powder heap. Among them are the Yap Island question, the control of three old German cables in the Pacific, the Shantung problem, the approach of Japan in Manchuria and Mongolia, as well as in Siberia, the irritation of Japanese by missionaries in Korea, the race question in California and the Is-

lands in the Orient, our efforts to relieve the famine in China, and the "Open Door Policy." The United States maintains that the preservation of China as a nation necessitates free trade with all nations. Japan resents this and has shut the door. She now controls China's trade. She refuses to open the door. We can either abandon our policy or get other nations to help us defend it. The United States, Japan and Britain are the three interested nations. The United States wants the Open Door, Japan is opposed and Britain is "on the fence." Japan is over populated. Her people want to settle in the various islands of the Pacific, but are denied that privilege, so the only place for them to go is on the mainland of Asia. China is wealthy and helpless. Japan sees fat, flabby, pacific China. Other nations by arms have taken slices off China. The war halted Japan's plans for doing the same, but meantime she has grown strong. She is near and she needs lands. John Hay has said that whoever knew all about China would hold world power for many years. The Pacific problem is now the world question, there will be the scene of the next epoch in history. Britain's recent conference with her dominions, though successful disclosed the fact that Britain is with Japan, while the dominion favor the United States. Australia, determined to be a white nation, maintains a strict policy against the yellow race. She wishes to be with the United States. All the dominions desire peace and a reduction of armament. We are not isolated, but are involved in both European and Asiatic disturbances. Therefore we hope to prevent the Asiatic crisis. It is a question whether the coming Conference will do harm or good. If it fritters away, it will be a terrible catastrophe. If successful, it will lead to a future peace conference, probably to some sort of world peace. The condition of the world today is dreadful. Europe is almost bankrupt. Business is depressed. Hatred of peoples is just slumbering. Fear that it may break out paralyzes business. Fear breeds hatred; hatred brings war. Many small wars are now being waged. British prestige is questioned. Ireland is still dissatisfied. Selfish is a bone of contention. In England there is unemployment and overpopulation. The United States was not broken by the war. We hold the debts of all countries, yet we wish limitation of armament chiefly to pay taxes to pay cost of past and future wars. Before the War, the United States was considered a military joke, though her wealth was acknowledged. Now she stands first. So, when the United States talks disarmament, it is important. The European nations think we will disarm anyway. But if Europe will not agree to reduce armaments, then will the United States be free to build the biggest Navy in the world. "Three bells and a jingle. Steam full ahead and see who goes broke first" will be her challenge. On the other hand, there is no royal road to peace. Only when the thought of any future war will be so horrible as to be unthinkable, can we hope for real peace. In closing, Mrs. Bean gave us a list of books. "The Next War," by Will Irwin; "To Let," by John Galsworthy; "If Winter Comes," by Hutchinson. Then she read from Anne Wickham's "Contemplative Quarry," poems which picture feminism unashamed.

After the singing of three songs by Mrs. Erdman, the club members enjoyed tea and cakes, charmingly served by the hostesses of the afternoon, Mrs. Brownell, Mrs. Blodgett, Mrs. Brewer, and Mrs. Burrell.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.
As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 3 lines; 5 cents for each additional line.

Your Question Regarding the Outdoor Community Centre Is Answered Here

committee for the full facts and figures. Do not think for one moment this purchase will hold back the schools. It will not. It will help them more than anything else. Do not be governed by any guesses or surmises. If you do not understand this thoroughly, it is most essential that you ascertain the conditions without delay. Help the schools by voting "Yes."

13. HOW WILL THE PROPERTY BE SUPERVISED?

The State law provides for a board of five Narberth citizens, to include two School Directors, all to serve without salary. Take notice that this is a legal procedure and the management shall therefore not be a matter of personal discretion.

14. WHAT WILL IT COST TO MAINTAIN IT?

Based on the experience of other communities it should cost very, very little for the great service it will render the Borough. Dr. Joseph C. Egbert, Secretary of the Board in charge of the Saere plot at Wayne, says the cost is so small they keep no particular record of it, all the expenditure being made from the Petty Expense account of the School. Dr. Egbert describes it as a "million per cent. investment." Mr. James Stewart, President of the Lansdowne School Board and the Burgess-to-be (1922) of that Borough, says:

"It costs Lansdowne not more than \$700 per year, usually about \$500. Tell the citizens of Narberth they would be making a great big mistake if they don't grab the opportunity. We have had ours for 6 years, and we know. I believe the people of Lansdowne would give up anything else in the Borough rather than our playground. It is a tremendous asset and we could not get along without it. You won't appreciate how much it will help your town until you do get it."

And as one of our own competent citizens points out:

"Every property in the Borough will be worth more with the Outdoor Community Centre than without it. It is good business as well as good citizenship to bring it into existence."

It's one of the decidedly few cases where we get both the penny and the cake.

Let every citizen, man and woman, vote a resounding YES.

JUNIOR SECTION, WOMEN'S COMMUNITY CLUB

The last meeting of the Juniors was held at the home of Miss Jane Laird, on Woodside Ave. About forty girls were present and an enthusiastic business meeting was held, which served to gather up the threads of last year's work. The first affair on this season's programme is to be a Home Bake, and after that several other interesting events are being planned.

A short program was arranged, presented by two members of the Club, Miss Estelle Cohie, whom the Club sent as one of its representatives at the American Federation of Women's Clubs, gave an interesting resume of the programs presented there. Miss Cohie said that after hearing reports from the representatives of the various Junior Sections from Communities all over, she felt very proud to say that the Narberth Junior Section was one of, if not the largest, and best in the country. This is especially remarkable, considering the extreme youth of the Club, and should be an incentive to everyone to carry on the work of the Club for the coming year with added zest and interest, so that our greatness shall not be diminished, but rather increased by the time the next representatives report to the Federation. Miss Ruth Jones will tell the Club something of her experiences and observations at the Pittsburgh meeting, at the next Junior meeting on November 3rd. Mrs. Smith, another Club member, then read a charming review of an old Chinese Legend, full of the mysticism and weird beauty of the Orient.

After adjournment, groups of knitting, talking and dancing members stopped long enough to enjoy delicious "hot dog" sandwiches, and then returned to their various festivities, to the rollicking tunes of Emily Sibley's incomparable "jazz-time."

The next meeting of the Club will be at the home of its President, Miss Helen Jones. This is to be a very SPECIAL feature-night; it is to be men's night. No, young men, we are sorry, that doesn't mean "open meeting"—it means that our program will be rendered by male talent exclusively. The Juniors expect to be out in full force to welcome the entertainers, and guests who would like to see what the men can do—are cordially invited. We vouch for an excellent program.

DO YOU LIKE GOOD THINGS TO EAT?

Foolish questions, we know you are human; so Q. E. D. So now that's settled, do stop in this afternoon, or a few minutes, at the Y. M. C. A. and see the array of "good things to eat" which the Juniors have made for their HOME BAKE. HOME BAKE means everything HOME MADE, and everything HOME-MADE by the JUNIORS means—THE BEST YOU EVER ATE! For they not only know how to make 'em "like Mother used to bake," but they have ideas of their own, too. 'Nuf sed! Cakes, bread, pies, doughnuts, and candy—they are all on the list ready for sale at three o'clock, so get there early, and avoid the rush.

A PLEA FOR THE BALA HOME.

Everyone who is familiar with its splendid work is enthusiastic about this good home for aged couples and single men. Just now they are in great need of all kinds of groceries. Vegetables, fruit, cornstarch, gelatine, and jellies will help in providing suitable food for the sick. The Presbyterian Church will be open from 10 A. M. until 9 P. M. Wednesday, November 2, for the receipt of gifts for the Home. In case you cannot bring your gift, if you will notify Mrs. Wm. Kirkpatrick, she will send for it. It is hoped that Narberth will make a real Thanksgiving offering to help the fine old people of Bala Home.

SHAVE, MISTER?

Narberth Commuters a Tough Looking Lot Thursday Morning, When Water Supply Fails.

The bursting of a water main at City Line, Overbrook, at 1 o'clock Thursday morning resulted in a brief but unpleasant water famine in Narberth and near-by towns on Thursday morning.

Though water pressure was restored in parts of the town by about 9 o'clock, the dearth of irrigation facilities played havoc with the usually immaculate commuters who frequent the 8.18.

Heavy traffic on City Line is said to have caused the break, which was repaired during the course of the day.

range in price \$1.00, \$1.50, \$2.00, \$2.50, and \$3.00.

The comparison has been made in many directions that the Narberth Choral functions in its community just as the Bach Choir and the famous Passion Play functions in expressing the musical and religious ideals of Bethlehem, Pa., and Oberammergau in the Bavarian Highlands; and that what Rochus Dedler was to the Oberammergau community and Dr. Woole to the Bach Choir, Clarence Nice is to the Narberth community and Choral. Enough credit cannot be given to the musical director of this organization. Prof. Nice is doing a great deal musically for Narberth. Not only are the members of the Choral getting an appreciation of the better grades of music through his interpretations of the beauty and power of tone, rhythm and shading, but all these are reflected in the one hundred and more homes of the members in our town.

The society is fortunate in having Mr. Erl C. Beatty as accompanist again this year, and he will be at the piano at the Metropolitan on the 8th. Miss Marsh is, of course, drawing more than her share of admirers, as is also Master Richardson.

Narberth's loyalty to its choral organization is evidenced by the many local subscribers, which list is headed by Mr. Robert J. Nash, who will be host to one hundred of his realtor friends of Philadelphia, who are directors and officers of the Philadelphia Real Estate Board.

THE FIRESIDE

(Continued from Page 1)

The friends of the Misses Lucia S. Keim, of 202 Dudley avenue; Madeline V. McCoy, of 203 Chester avenue; Jean Houston, of 9 Montgomery avenue, and Mr. Randolph J. Keim, of 202 Dudley avenue, will doubtless be interested to learn that they have resumed their studies at the Combs Conservatory of Music, in Philadelphia.

Mr. and Mrs. Frank B. Allen, formerly of Pittsburgh, but more recently of Cleveland, Ohio, with their two children, Homer and Elizabeth, have rented 226 North Narberth avenue, where Mr. J. Stuart Freeman continues to reside with them. Mr. Allen is associated with Mr. M. C. Sherman, of Cynwyd, and Mr. Lee Hough, of Philadelphia, in the manufacture and installation of specialized labor-saving systems for manufacturing plants.
